## SHAPING FUTURES WITH EXCELLENCE

Established in 2002, Dinabandhu Andrews Institute of Technology and Management is a premier self-financed institution delivering high-quality technological and management education in West Bengal. Affiliated with Maulana Abul Kalam Azad University of Technology, West Bengal, the institute is committed to nurturing students with in-depth knowledge and specialised training, enabling them to become confident and competent technocrats and business leaders.

Located in the Baishnabghata Patuli area of Kolkata, the institute offers a diverse portfolio of programs, including BBA, BCA, BBA (Hospital Management), B.Sc. in Medical Laboratory Technology, M.Sc. in Computer Science, and M.Sc. in Applied Mathematics. It provides a robust academic environment and modern infrastructure to support career development in Computer Applications, Business Administration, and Medical Laboratory Technology—at accessible and affordable fee structures.

Dinabandhu Andrews Institute of Technology and Management stands out for its strong student-centric ecosystem, offering competitive course fees, robust placement support, experienced faculty, smart classrooms, and a well-equipped library—all within a strictly ragging-free campus. Together, these features make the institute a preferred destination for students committed to advancing their professional growth.

## ALUMNI SPEAKS

### EDITORIAL SPEAKS

Education means various things to various people. To some, it means getting a diploma or a degree, on the strength of which one can secure a good job. And once you get a good job, your life is done—there is no need for education anymore. To others, on the other hand, education is a lifelong affair. You live beyond classrooms and schools, and your life, in general, is much longer than your formal and institutional student life. That life demands much more from you than the knowledge and skills you have acquired.

What are these demands? One is that you become a worthy member not just of your family, but of the larger human society—worthy and important, but not aggressively or, if I may use the word, abrasively so. You must also be loved by all. You will not stop learning after you pass out, nor will you refuse to offer your knowledge, skills, and love to others.

I will be happy if these words, hastily jotted down, make some sense. My best wishes to you all.

Professor (Dr.) Pabitra Sarkar  
President, DAITM

#### The Legacy Continues...

Alumni—graduates of an educational institution—are vital stakeholders in its long-term success. A well-engaged alumni community not only reflects the institution's legacy but also actively contributes to its present and future growth. One of the key functions of alumni is enhancing the institution's reputation and visibility. We, the former student delegates serve as brand ambassadors, showcasing real-world achievements that attract prospective students and reinforce trust among parents and partners. Our career success stories will leverage the position of the institution as a trusted choice in a competitive education landscape. Alumni also play a crucial role in student development. Through mentorship programs, internships, and networking opportunities, they help current students transition into the workforce. Institutions benefit when alumni leverage their professional networks to offer guidance, job leads, and industry insight—bridging the gap between academic learning and practical career readiness. From a strategic and resource perspective, alumni contributions—financial or in kind—support scholarships, infrastructure projects, research initiatives, and student programs. Alumni networks also foster community building and lifelong belonging. Regular reunions, events, and communication platforms strengthen ties across generations, enriching the institution's culture and ensuring continued involvement long after graduation. To sum it up, we alumni are more than former students; we are active partners in enhancing reputation, supporting student success, providing resources, and sustaining a dynamic and connected institutional community. Our engagement transforms personal loyalty into institutional strength.

Rajdeep Dandapath (BBA2004 - 2007)

#### Our Roots

Dinabandhu Andrews Institute of Technology and Management is poised to strengthen its academic ecosystem through the formation of a structured Alumni body. This initiative aspires to create a dynamic platform where former students can reconnect with their alma mater and contribute meaningfully to its growth.

The proposed alumni collective will foster mentorship, knowledge exchange, and professional guidance, enriching the student experience and reinforcing institutional values. United by shared roots and future vision, this evolving alumni network aims to support excellence, innovation, and lifelong association with DAITM.

Arijit Mondal (BBA 2004 - 2007)

## DEPARTMENTAL INSIGHTS

### Industry Exposure Visit for BBA (HM)

A one-day hospital visit was organised for the 3rd semester Hospital Management students to enhance their practical understanding of healthcare operations.

The students were divided into four groups, with visits taking place at two respected hospitals: Peerless Hospital on the 9th and 12th of September, and Manipal Hospitals, Mukundapur, on the 18th and 20th of November.

During these visits, students gained insights into the functioning of various departments, including the front office and reception, emergency department, outpatient (OPD) and inpatient (IPD) services, diagnostic and radiology units, and support services such as housekeeping, laundry, and the central sterile supply department (CSSD).

Additionally, they observed the insurance and billing desk, as well as the human resources and administration department.

This initiative provided valuable hands-on experience, allowing students to understand the coordination and workflow that are crucial to effective hospital management. Ultimately, these visits served as a vital link between theoretical classroom learning and real-world practices in healthcare, enriching students' knowledge and better preparing them for their future careers in the healthcare sector.

## TWO-DAY HAEMATOLOGY LAB OBSERVERSHIP AT MANIPAL HOSPITALS FOR BMLT DEPARTMENT

Students from the 3rd semester of the Department of Medical Laboratory Technology at DAITM participated in a two-day observership at the Haematology Laboratory of Manipal Hospitals, E.M. Bypass. This hands-on experience focused on the identification techniques for various blood-related disorders, including different types of leukaemia, aplastic anaemia, thalassemia, and haemophilia, all of which are included in their course curriculum (BMLC301). Additionally, the students gained practical knowledge in handling laboratory instruments pertinent to these studies. This observership not only provided valuable insights into the field but also aimed to enhance their confidence and skills for their future careers in medical laboratory technology.

## 72<sup>nd</sup> FOUNDATION DAY OF IETE KOLKATA CENTRE

Dinabandhu Andrews Institute of Technology & Management (DAITM) actively participated in the IETE 72<sup>nd</sup> Foundation Day Celebration held at the IETE Kolkata Centre. Since its inception in 1953, the Institution of Electronics and Telecommunication Engineers (IETE) have observed its Foundation Day on November 2 each year. This year marked the 72<sup>nd</sup> milestone, commemorated across all regional centres.

As part of the celebrations, IETE Kolkata Centre organised a Student Seminar on **Cybersecurity** on November 4, 2025, starting at 4:00 PM at its headquarters. The seminar drew enthusiastic participation from B.Tech, MCA, and BCA

students representing various reputed institutions. DAITM was represented by six ISF members - **Akashdeep Roy, Arya Chakraborty, Souren Roy, Deep Kumar Das, S. K. Samit, and Sougata Das** - who took part in the event with great interest.

Honourable Chairman of the IETE Kolkata Centre, Ms. Sharmila Ghosh, opened the first session. "Indigenisation of Hi-Tech and Critical Technologies" is this year's celebration theme. IETE President Shri Sunil's message was read aloud by Sharmila Madam. The speech emphasised IETE's seven decades of devoted service to the country in advancing information technology, telecommunications, and electronics. Achieving self-reliance in high-tech and critical technologies—'Aatmanirbharta'—is essential to maintaining economic sovereignty, promoting sustainable growth, and protecting our national security in an increasingly complex global environment. Setting the context came next, Prof. (Dr.) Soumya Paul, the Honourable Principal of DAITM. He greeted the students and discussed the significance of these seminars in their academia and future work life. Prof. (Dr.) Anirudha Nag, former secretary of IETE Kolkata and Associate Professor at Techno India, did an excellent job organising the session. Prof. (Dr.) Jyoti Sekhar Banerjee, Honourable Secretary, IETE, Kolkata, introduced the honourable speaker to the audience, and the seminar got started.

The honourable speaker, Mr. Sandeep Sengupta, Founder/Director of the Indian School of Anti-Hacking (ISOAH), Certified Information Systems Auditor (CISA), Lead Auditor (ISO27001, ISO22301, Privacy, GDPR), Cyber Security Consultant, and Entrepreneur, deeply engaged with the students, outlining current trends in the IT software market, a variety of career opportunities, and the cybersecurity industry. As a mentor, he emphasised that one must proactively redesign one's goals and aspirations to bridge the skill gap. The students seeking jobs must cultivate a highly skilled workforce proficient in the latest and most critical technologies, ready to contribute to this ever-changing IT industry landscape. The event concluded with a vote of thanks from **Prof. (Dr.) Jyoti Sekhar Banerjee**, followed by the felicitation of Mr. Sengupta by **Ms. Sharmila Ghosh**. A group photograph and light refreshments marked the close of the celebration. The 72<sup>nd</sup> Foundation Day event proved highly enriching, fostering new connections, meaningful insights, and a renewed commitment among participants to apply their learnings in cybersecurity to their future academic and professional pursuits.

## INSIDE CAMPUS

### HAPPY TEACHERS' DAY : A Tribute to Mentorship

The Teachers' Day Celebration at Dinabandhu Andrews Institute of Technology & Management (DAITM) was held amidst great enthusiasm and reverence. The event was inaugurated by Prof. (Dr.) Pabitra Sarkar, Honourable President of DAITM, and Prof. (Dr.) Soumya Paul, respected Principal of DAITM. Their graceful presence added dignity to the occasion and set an inspiring tone for the celebration.

The programme began with a warm welcome address followed by the ceremonial lighting of the lamp. In his inaugural speech, Prof. (Dr.) Pabitra Sarkar highlighted the invaluable role of

teachers in building character, nurturing young minds and shaping the future of the nation. He emphasised that education is not just about academics but about instilling values, discipline and innovation.

Prof.(Dr.) Soumya Paul, in his address, appreciated the dedication and hard work of the faculty members. He encouraged students to respect their teachers, follow their guidance, and strive for excellence in every field of life. He also motivated the teachers to continue their mission of imparting knowledge with compassion and creativity.

Several cultural performances were organised by the students, including songs, speeches and skits dedicated to teachers. As a gesture of respect, teachers were felicitated with small mementoes. The event concluded with a vote of thanks

followed by a group photograph capturing the joyous spirit of the day.

The celebration successfully reminded everyone that teachers are the guiding lights who illuminate the path of knowledge and wisdom. The inspiring words of the dignitaries and the enthusiastic participation of students made the Teachers' Day celebration at DAITM a memorable and meaningful occasion.

### NEXT-GEN WELL-BEING : A Holistic Approach to Health

A Health Awareness Talk entitled "Next-Gen Well-being: A Holistic Approach to Our Health Concerns" was organised as part of the Awareness for Wellness initiative by Dr. Reddy's Foundation for Health Education, hosted at the Dinabandhu Andrews Institute of Technology and Management Campus. The seminar occurred on 19th September 2025, from 3:00 PM to 4:00 PM.

The session featured Dr. Sayantane Sengupta, a distinguished gynaecologist, who provided valuable insights into modern approaches to holistic well-being. Her presentation centred on understanding the evolving health challenges and adopting integrated strategies to preserve both physical and mental wellness in today's rapidly changing world.

This awareness event was exclusively conducted for the students and faculty of Dinabandhu Andrews Institute of Technology and Management, Kolkata, to promote informed health practices within the academic community. Participants acquired practical knowledge regarding preventive care, lifestyle balance, and comprehensive wellness strategies.

## CELEBRATING THE LEGACY OF MAULANA ABUL KALAM AZAD

On 11 November 2025, the birth anniversary of Maulana Abul Kalam Azad - renowned freedom fighter, eminent scholar, and the first Minister of Education of independent India - was commemorated with dignity and reverence at the DAITM Seminar Hall. Organised by Sanskriti - The DAITM Cultural Club, the event aimed to honour his enduring legacy and significant contributions to the nation's intellectual and educational landscape. The programme began with a welcome address and the ceremonial lighting of the lamp by Prof. (Dr.) Soumya Paul, Hon'ble Principal of DAITM, followed by an opening song presented by the students.

A motivational speech was given by the Principal of DAITM regarding the significance of the day and inspired the students to come forward with more such positive thoughts. A beautiful portrait of Abul Kalam was created by our staff, Mr. Pradip Goswami, to honour him on the special day. Posters were designed by the students of the college. A special segment of the event was dedicated to paying tribute to Maulana Azad by the various performances of the students of DAITM, which included recitation, speeches, chorus songs and instrumental music on Hawaiian guitar and so on. The program concluded with a vote of thanks delivered by the Convener of DAITM Cultural Club. The celebration not only commemorated Maulana Abul Kalam Azad's birthday but also served as a reminder of his invaluable contributions to India's freedom struggle and educational development. The program provided an opportunity for our youth to reconnect with the legacy of Maulana Abul Kalam Azad.

## TIME TO TALK : Opening Conversations on Mental Health

On November 12, 2025; the Mental Health and Well-being Club at Dinabandhu Andrews Institute of Technology and Management decisively held an interactive session titled "Time to Talk." Dr. Ahana Ojha, a distinguished psychiatrist and accomplished academic led the session. As the top student in the ISC 2015 batch, Dr. Ojha completed her MBBS at IIMSAR in Haldia and is currently pursuing her MD in Psychiatry at Sagar Dutta Medical College and Hospital, which establishes her expertise in the field. Moreover, she is a respected member of the Indian Psychiatric Society, underscoring her commitment to mental health advocacy.

This session was conducted as part of the global "Time to Talk" initiative, which is endorsed by the World Health Organisation and Sun Pharma, focused on addressing mental health issues

and enhancing the visibility of mental health discussions. Specifically, this session aimed to provide students with a secure and supportive environment to express their personal thoughts, engage in mutual learning, and exchange tools and insights for maintaining emotional well-being amidst the pressures of a fast-paced academic setting and personal challenges.

Dr. Ojha, drawing from her clinical experience and compassionate approach, emphasised that taking care of one's mental health is a necessity rather than a luxury. Her engaging presentation inspired participants to reflect on the importance of empathy and self-awareness, both for themselves and others. The session concluded on a positive note, highlighting the commitment to break the silence surrounding mental health and to foster a culture of openness and understanding within the campus community.

## INNOVATING TOGETHER: DAITM Hosts Techquest 1.3 with IQAC & IETE Kolkata

Dinabandhu Andrews Institute of Technology & Management, Patuli, effectively executed its fourth ISF event, Tech Quest 1.3 on 14th November 2025. This event, held in partnership with the DAITM IQAC Cell and the IETE Kolkata Centre, showcased the capabilities of the DAITM Tech Club. The occasion was characterised by robust discussions, distinguished guest lectures, and an energetic atmosphere of learning and celebration, all under the decisive leadership of Prof. (Dr.) Soumya Paul, Principal of DAITM and Co-Chairperson of the ISF Kolkata Centre. The event began in the DAITM seminar hall with a ceremonial lamp lighting and a formal felicitation ceremony. Prof. (Dr.) Soumya Paul welcomed all guests present on the dais and officially inaugurated the event, setting a tone of engagement and excellence.

The event commenced with a compelling series of addresses from distinguished guests. Professor (Dr.) Jyotsna Kumar Mandal, a Professor in the Department of Computer Science and Engineering at the University of Kalyani and Former Vice Chancellor of Raiganj University, as well as a Governing Council Member of the Institution of Electronics and Telecommunication Engineers (IETE) and Zonal Mentor for the East Region, delivered a remote address that underscored the critical role of IETE events in driving the academic and professional advancement of students. He firmly reiterated the organisation's unwavering commitment to its growth.

Ms. Sharmila Ghosh, Chairman of the IETE Kolkata Centre, articulated the essential role of IETE in cultivating a culture of innovation and excellence within the community. Professor (Dr.) Jyoti Sekhar Banerjee, Associate Professor and Head of the Department of Computer Science and Engineering (Artificial Intelligence and Machine Learning) at Techno Bengal Institute of Technology, and Honourable Secretary of the IETE Kolkata Center and Chairperson of the Industry Student Forum, passionately championed the core values of IETE and academia while outlining assertive plans to significantly expand the IETE membership base in West Bengal.

Additionally, Professor (Dr.) Debashis De, a Professor in the Department of Computer Science and Engineering at MAKAUT, West Bengal, presented a robust analysis of the changing technological landscape and its implications, as emphasised in IETE journals. He strongly highlighted the extensive benefits of IETE membership for professional members, particularly for researchers and faculty, asserting its vital importance in today's academic and professional climate.

The highlight of the event was the Technical Talk with its two eminent technical sessions. The first technical session was conducted by Prof. (Dr.) Amartya Mukherjee, Associate Professor, HOD Computer Science and Engineering (AIML) and CSBS, IEM Salt Lake, Kolkata. He shared his profound knowledge on drones with the enthusiastic students. Mr. Snehasis Banerjee, Sr. Scientist, TCS Research, Guest Faculty, Indian Institute of Information Technology Guwahati (IIITG), delivered an interesting talk, highlighting a use case where the simple mathematical straight-line equation was transformed to a neural network activation function with a subtle touch of reconfigurable variable and dimensions. Both talks offered valuable insights as they were both informative and thought-provoking.

The proceedings concluded with ISF certificate distribution and the delivery of the vote of thanks. To commemorate the occasion, a group photo session was held, capturing the moment with all the guests, speakers, audiences and organisers. The Tech Club of DAITM looks forward to continuing its tradition of hosting impactful IETE Students' Forum events that bridge the gap between academic learning and industry practice.

## STRATEGIC HR FOR TALENT RETENTION

– Session by Mr. Shubhendu Poddar

DAITM HR club “Synērgia Caterva” conducted a very interactive session on “Harnessing the Power of HR to retain the Key Talent,” by Sri Shubhendu Poddar, Vice President – Human Resource of Kothari Medical Centre, on 17<sup>th</sup> November 2025, under the guidance of our honourable Principal, Sir, Prof. (Dr.) Soumya Paul.

Sri Shubhendu Poddar is an HR Professional with several years of diversified exposure in Human Resources Planning, Talent Acquisition and Induction for different industries like IT / BPO / KFC / OTP & Distribution industry. He has worked as Head – Human Resources in Neotia Health Care Initiative Ltd, Associate Vice President in Human Resources in AMRI Hospitals, Kolkata, as DGM – HRD in Bengal Ambuja and as Senior

Manager – HRD in CMRI Hospitals. The session began with the inauguration of the HR Club by lighting of the holy lamp and felicitation of the esteemed speaker by the DAITM Principal.

The session highlighted the impact of HR on bottom-line performance, which is the holy grail of Talent Management. Apart from highlighting the importance of Talent Management in an organisation, it emphasised the importance of the adaptability of an individual in an organisation. He enlightened the students by stating that they should evolve their thought process by embracing change. Only positive thoughts can streamline words to reach their goal. Professionalism should be given utmost importance to become corporate fit. Professionalism will help the students to remain focused on their goal, establish a cordial relationship with various stakeholders in an organisation and keep them calm under stress. His inspiring speech enumerated the importance of internships and the key role of an intern. Through this event, HR Club has made an effort to bridge the gap between theoretical HR knowledge and real-world scenarios.

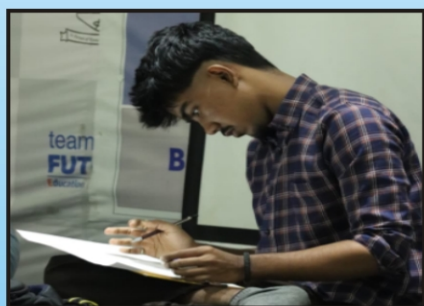

## DAITM CULTURAL CLUB SHINES AT FIEM CULTURAL EVENT

Students from the Sanskriti-DAITM Cultural Club eagerly participated in “Flames,” a vibrant, competitive cultural event held at the Future Institute of Engineering and Management from November 21 to 23, 2025. Among the participants were Ayush Paul and Karishma Bal, both enthusiastic first-semester students from the BBA (HM) department, who took part in the drawing competition. They used their creativity

and artistic talents to produce captivating artworks that drew the attention of the judges and onlookers alike.

In another part of the event, Debayush Mukherjee, also a first-semester student but from the BBA department, showcased his vocal prowess in the solo singing competition. His heartfelt performance resonated with the audience, earning him warm applause and admiration.

The overall participation of our students was marked by a spirit of enthusiasm and sportsmanship. Their dedication not only highlighted their remarkable individual talents but also brought immense pride to our institute, showcasing the vibrant culture and artistic abilities nurtured within our community.
